8/20 Late Night "AYYY" on repeat x1000 (new guy) sounds like
he's cheering for a football game? ~~Now~~ Now it's just "Ahhhh!" "x1000" he's
got endurance... or meth... probably meth... I can't sleep anyways

8/20-21 dreams ① Church out, cartgord, flashing suit, see mace walk by in one
as well, no shame, face painted pink, ② Large Schwab, Jimmy tobacco-me bic, mark
says I look like a playboy-compliment, see Sherhanna & her boyfriend Mohawk
Jacob - laptop hurts my pelvic region & almost cry, Jacob says remembers my love
Tat from 7th grade art class end up at ladies house w/ friends & backpack,
friends leave, lady says she's glad I don't do drugs, I ignore & tell her about
the beauty of forest and silence & leave ③ closed garage shoot out, my team
wins (2v2) other 2 are also on team, we're prepping drop cage for a man
who killed their father - I'm scared and they respond 'don't be, people die
everyday' they're like SWAT spies prepping for the man to return, I
say 'but I don't have boots' they 'why didn't you say so, here' I begin to
trust them & help rope up/pull a massive steel cage to drop on intruder
enters, begin to gain courage.

8/21 midday dreams ① class, can't remember schedule, stay in, think teacher is
talking about me, make comment, girl next to me moves seats angrily ② Looking
for shoes & catch the suspect, grab @ his shirt, but those aren't mine, after a
few pairs I find my shoes & follow him, tell him about my running & he's impressed/
less threatening - I let him run away but catch up and say I can feel his heartache
which my head did ache considerably in his presence.
